MORE ABOUT OJPC

The Ohio Justice & Policy Center is a nonprofit public-interest law firm, whose mission is to create fair, intelligent, and redemptive criminal justice systems. Statewide, OJPC provides zealous legal representation, cross-sector community education, and innovative policy advocacy. OJPC fights to substantially, safely reduce the size and racial disparity of the Ohio's bloated prison population, as well as to protect the rights and dignity of incarcerated people. OJPC also serves people in the community by removing criminal-records-based barriers to employment, housing, education, and full community integration. At every step, OJPC works to eliminate racial disparities in the criminal legal system.

YOUR SUPPORT

By investing in OJPC, you sustain our work in courtrooms and in the legislature. You allow us to be the voice for the people silenced by the criminal justice system — and you help us empower them to find their own voice. Your support energizes OJPC to bring justice to the margins. Thank you for believing in us and for believing in justice. You are supporting:

- pro-bono legal services – including our Second Chance community clinics;
- policy reform, at state and local levels, that promotes safe, fair communities;
- public education and community resources about criminal-justice issues; and
- a clinical legal program for law students and an annual internship program that attracts top students from across the nation.

GET INVOLVED

You can stay involved with OJPC and learn about our latest criminal-justice work by following OJPC on Facebook and Twitter. Also, visit our website, ohiojpc.org, to sign up for our newsletter, check out our latest policy advocacy, get legal-education resources, and see our clinic schedule.
